Exp 4B – Data Modelling and Form Design (Advanced Fields)

Aim

To design and extend the Bank Account Opening Form in Zoho Creator by adding Advanced Fields, validations, lookups, calculations, media uploads, and system-generated values for better account management.

Fields Used

Field Type	Field Name
Decision Box	Requires_Debit_Card
Rich Text	Bank_Terms_Display
URL	Company_Website_URL
Image	Customer_Photo
Percent	Interest_Rate_Percent
Currency	Fixed_Deposit_Amount
Decimal	Minimum_Balance_Required
Date-Time	Application_Submitted_On
SubForm	Nominee_Details
Lookup	Branch_Lookup
Signature	Customer_Signature
File Upload	KYC_Document_Upload
Audio	Special_Request_Voice_Note
Video	Video_KYC_Recording
Auto Number	Account_Number
Formula	Yearly_Interest_Amount

Field Type	Field Name
QR/Barcode	Account_QR_Code

Extended Form Layout (Section-wise)

These sections are added after Sections A–D of the basic form.

Section E — Branch & Identity Verification

- Branch Lookup (Lookup, fetches from Branch_Master)
- Customer Photo (Image)
- KYC Document Upload (File Upload — Aadhaar / PAN copy)
- Company Website URL (URL, only for Current accounts)

Section F — Nominee & Media Details

- Nominee Details (SubForm with Nominee_Name, Relationship, Share_Percent)
- Video KYC Recording (Video, optional)
- Special Request Voice Note (Audio, optional)

Section G — Deposit & Interest

- Requires Debit Card (Decision Box)
- Fixed Deposit Amount (Currency)
- Interest Rate Percent (Percent)
- Minimum Balance Required (Decimal)
- Yearly Interest Amount (Formula, read-only)

Section H — Declaration & System-Generated Values

- Bank Terms Display (Rich Text, read-only)
- Customer Signature (Signature)
- Application Submitted On (Date-Time, auto-filled)
- Account Number (Auto Number)
- Account QR Code (QR/Barcode)

Validation Rules to Configure

- **Lookup (Branch_Lookup):** linked to Branch_Master; customer searches and picks a branch instead of typing.
- **SubForm (Nominee_Details):** minimum 1 row and maximum 3 rows.
- **File Upload (KYC_Document_Upload):** allow PDF, JPG, PNG only; max size 5 MB.
- **Image (Customer_Photo):** allow JPG and PNG only; max size 2 MB.
- **Video (Video_KYC_Recording):** max 60 seconds and 50 MB.
- **Percent (Interest_Rate_Percent):** value from 0 to 15; editable only by bank staff.
- **Currency (Fixed_Deposit_Amount):** no negative values; currency set to INR (₹).
- **Formula (Yearly_Interest_Amount):** expression `Fixed_Deposit_Amount * Interest_Rate_Percent / 100`; read-only; updates when either value changes.
- **Auto Number (Account_Number):** prefix `BNK-`, start from 100001.
- **QR/Barcode (Account_QR_Code):** generated from Account_Number after submit.
- **Date-Time (Application_Submitted_On):** set default value to current date and time (`zoho.currenttime`).
- **Mandatory:** Customer_Signature, Requires_Debit_Card, Branch_Lookup, KYC_Document_Upload.

Admin Notification Email

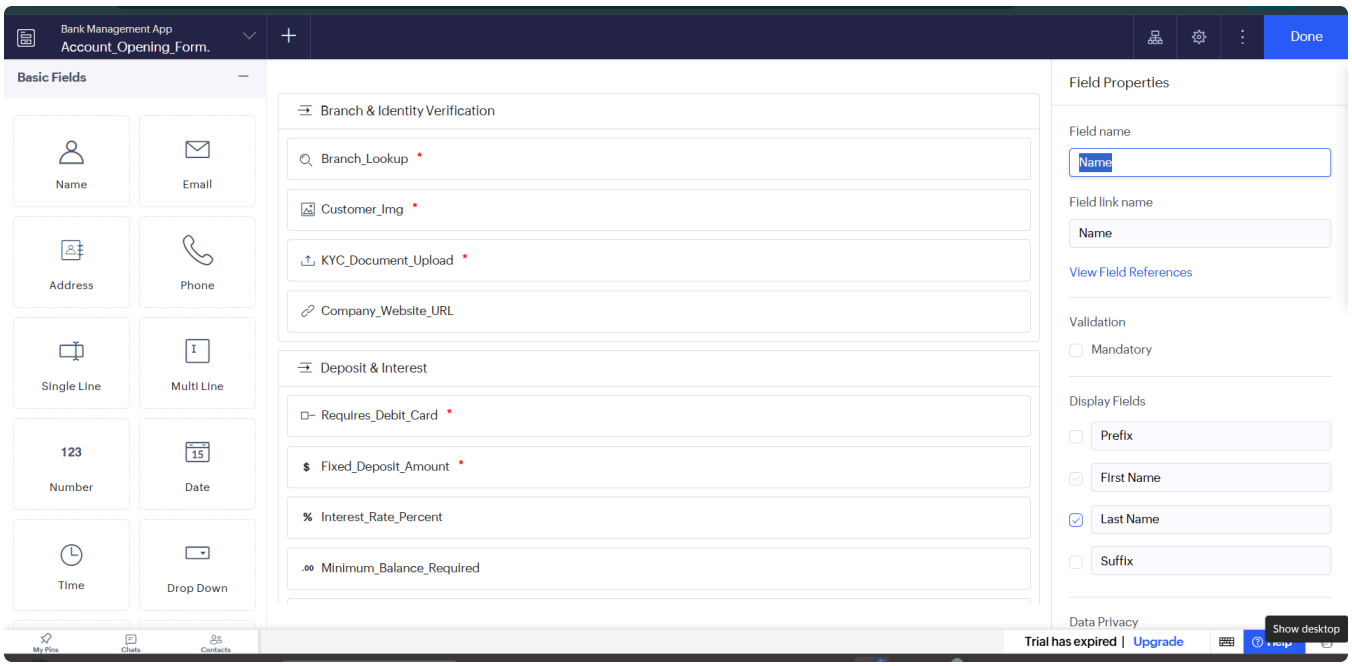

Add a Form Workflow (Created or Edited → Successful form submission) with **Send Email** to your own email:

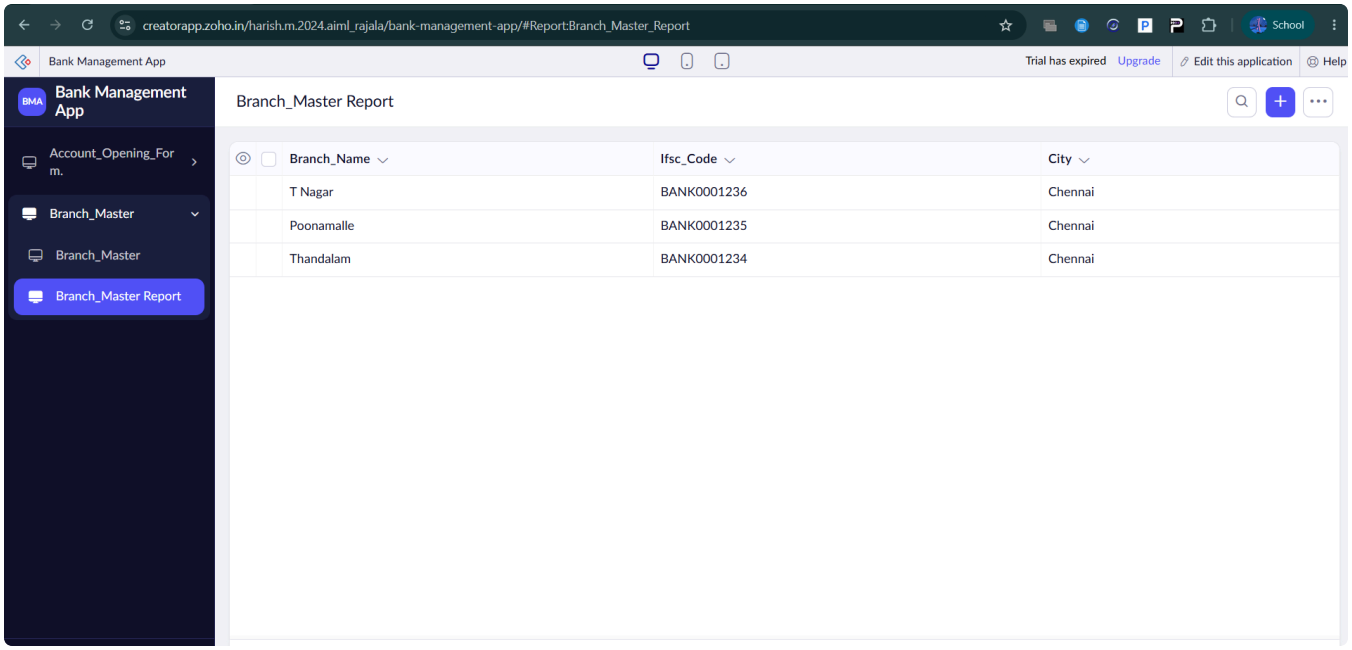

- Subject: New Account Application – ${Account_Number}
- Message: Dear Branch Manager, a new account application has been submitted. Account Number: ${Account_Number}, Branch: ${Branch_Lookup}, FD Amount: ${Fixed_Deposit_Amount}, Interest Rate: ${Interest_Rate_Percent}, Yearly Interest: ${Yearly_Interest_Amount}, Debit Card: ${Requires_Debit_Card}, Submitted On: ${Application_Submitted_On}. Please review it in the Account Opening Report.

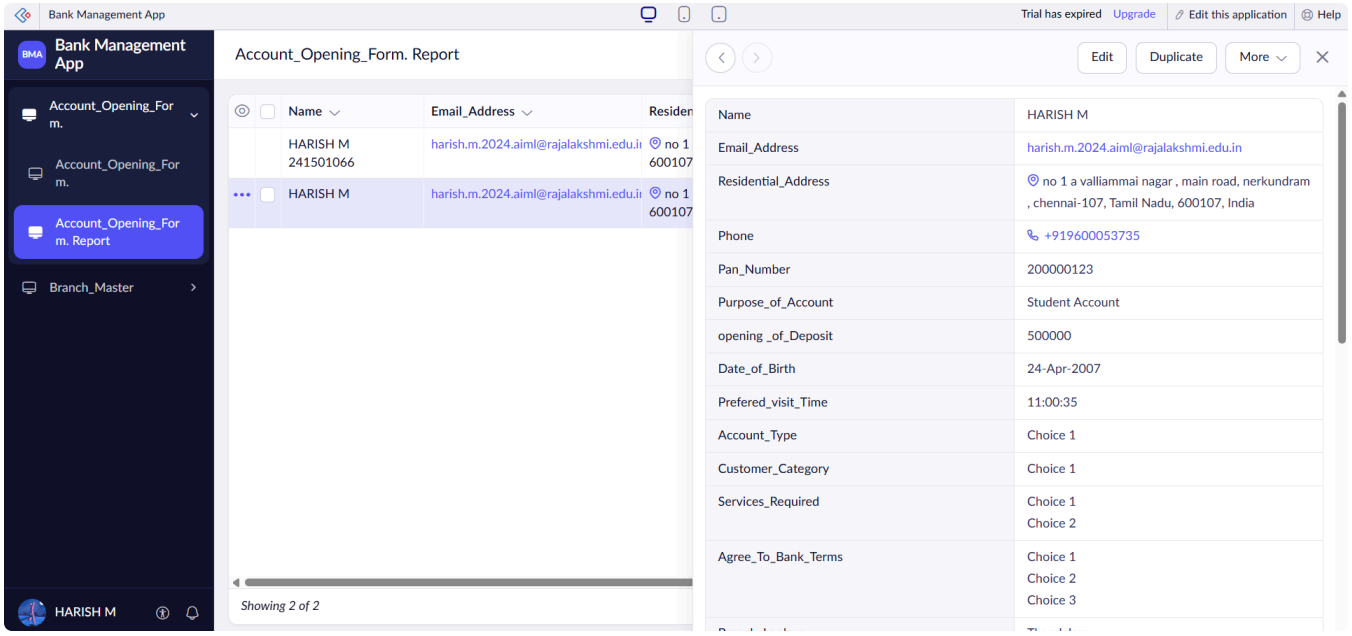

Workflow Summary

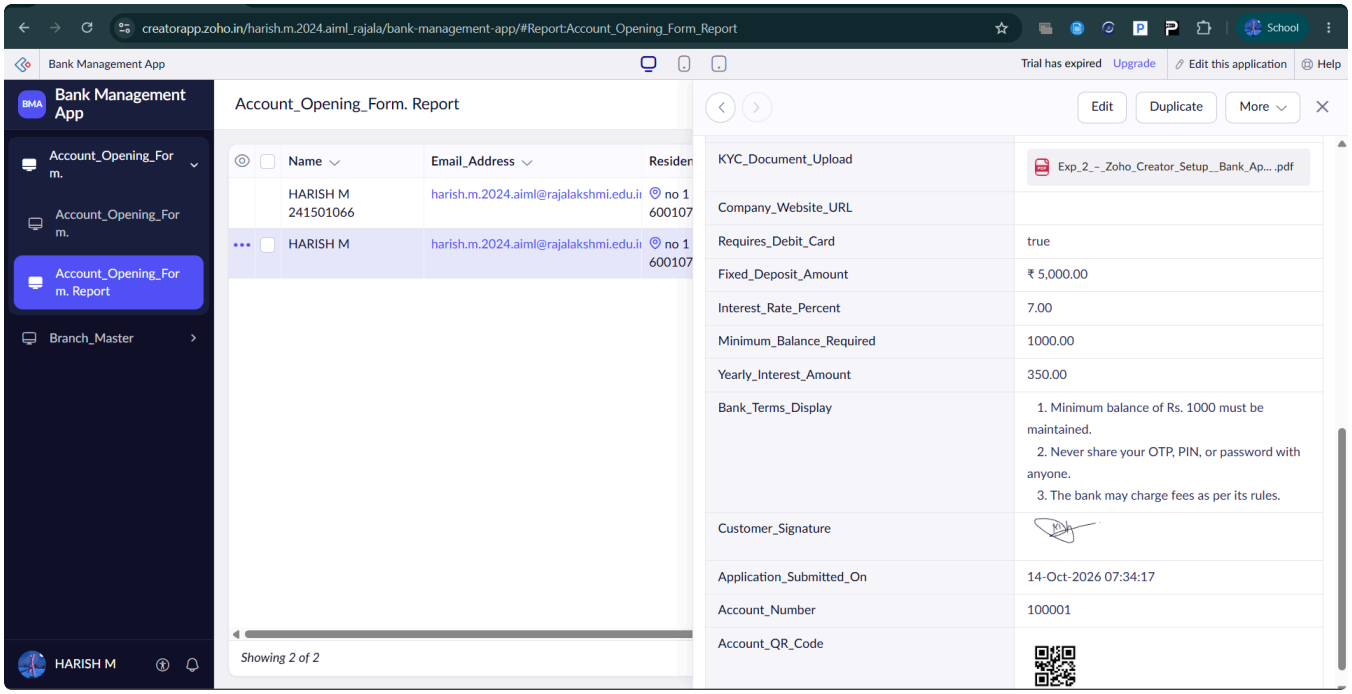

1. Customer fills the basic sections (personal, contact, account details).
2. Customer picks the home branch using Branch Lookup, which auto-fills IFSC and city.
3. Customer adds 1 to 3 nominees in the Nominee Details SubForm.

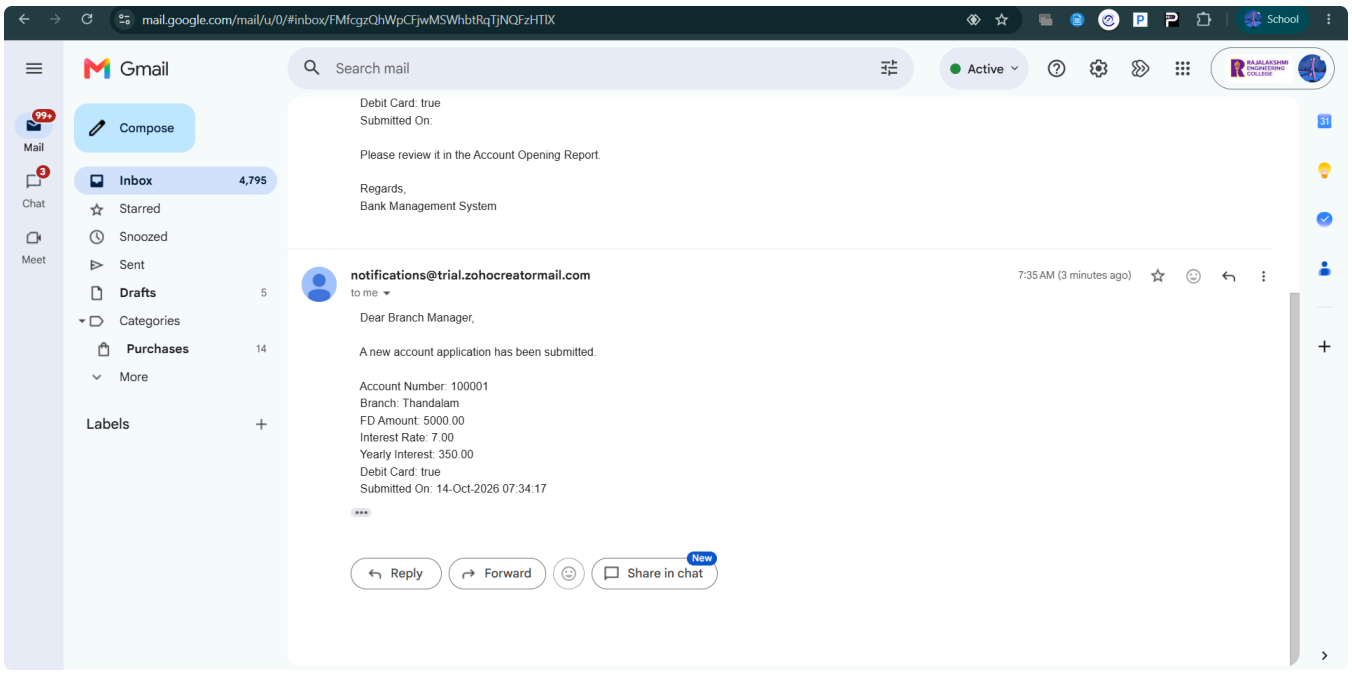

4. Customer uploads the KYC document and photo, and optionally a Video KYC and voice note.
5. Customer enters the FD amount; the Yearly Interest Amount is calculated automatically.
6. Customer reads the Bank Terms and signs using the Signature field.
7. On Submit, Zoho Creator creates the Account Number, records the submit time, and makes the QR code.
8. Bank staff check the report, verify KYC, and scan the QR code at the counter to open the account.
